

Is your school website ready?

Does your school website have everything parents needs for the new school year?

- Update calendars with important dates
- Add the best school photos and video from last year
- Add news posts to create excitement for the new year
- Links to teacher websites
- Update staff directory
- Update old versions of forms and documents
- Course or program info
- Schedules and info for sports teams and clubs
- Graduating Students FAQ
- Bell schedule
- Update contact page with office hours
- Quick links section for online resources that parents frequently use
- Back to school FAQs for parents
- Make sure contact form is sending to the correct email
- School supplies lists
- Link to your district's website for school fees, registration information, and transportation details

Don't forget to delete out-of-date content from your website! Remove last year's forms, schedules, course listings, and anything else that could give visitors the wrong information. Have a great school year!
